Date:	August 3, 2007	

**Paul and Steve:**

Attached is the survey information for the five acres of land that Cliff Read has county authorization to mine at the Strawberry River quarry. We have concerned citizens to the east who suspect that Mr. Read may be exceeding or planning to exceed this boundary. If one of you could GPS the site and determine what their footprint is in relation to the authorized area, I will know whether to contact Mr. Read and ask that he apply for a permit to mine additional land. Let me know if or when you could help with this matter.

Thanks!
